Here at Kasson Laser Graphics, we would like to invite you to participate in our Booster Club Fundraiser program.

This program gives your club or organization the opportunity to have custom printed apparel created and raise funding for your cause or organization needs.

If you have a logo or specific design in mind, we will work with you to bring it to life. We will guide you through apparel styles, colors, and sizes that best fit your project.

You decide when and how long your web store front would be open to your target market.

You can have your site open to the public or have a private link for only your participants. It's all up to you.

Our plans can be tailored specifically to your needs or use one of our standard plans.
